## Start Position:

The HANDGUN start position is kneeling with feet touching EITHER rear fault line, facing completely down range with palms face down laying flat on upper thighs. Handgun is loaded and holstered with no round in the chamber (See Condition #2).  
PCC start position is kneeling with feet touching EITHER rear fault line, facing completely down range with one hand holding carbine and the other hand laying flat on upper thigh, palm down. PCC is loaded but not chambered (See Condition #2).

## Procedure:

On the audible start signal, engage all targets from within the shooting area. Shots may be taken from a knee or standing.

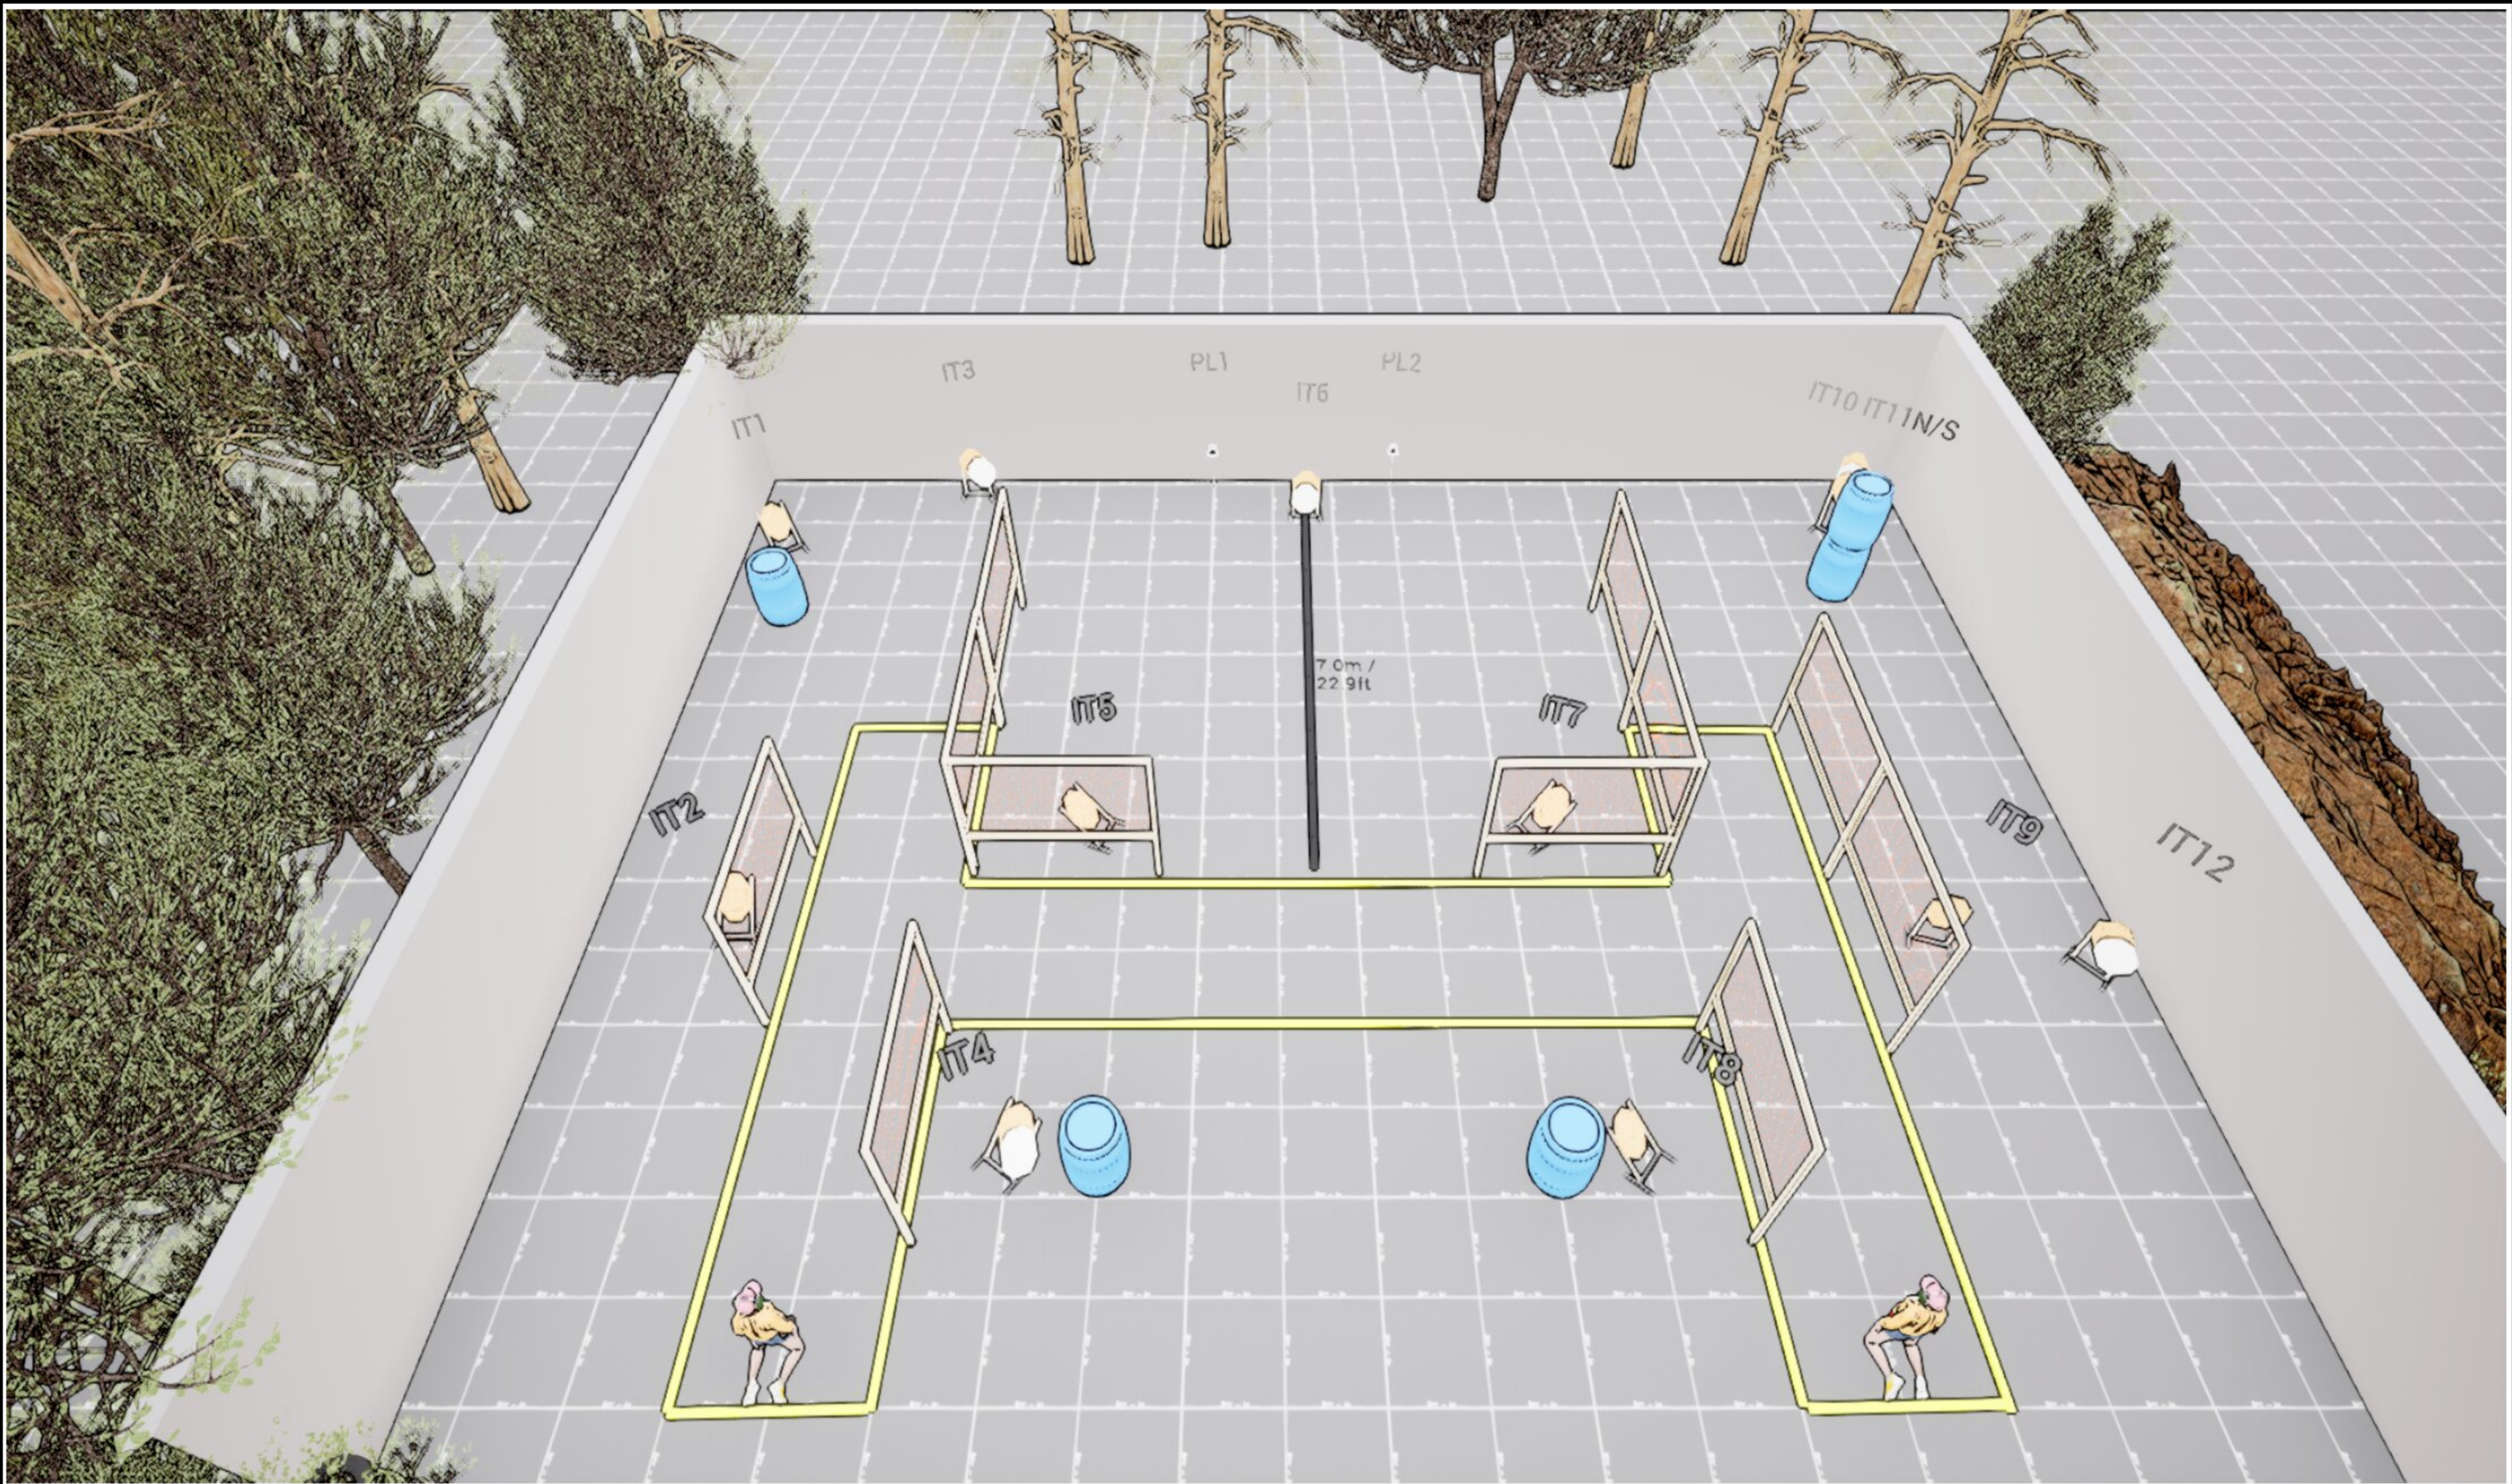

**Scoring:** Best 2 hits on paper.

**Course Type:** Long

**Rounds:** 26

**Time Start:** Audible

**Targets:** 12 IPSC targets  
2 IPSC plates

## Setup Notes:

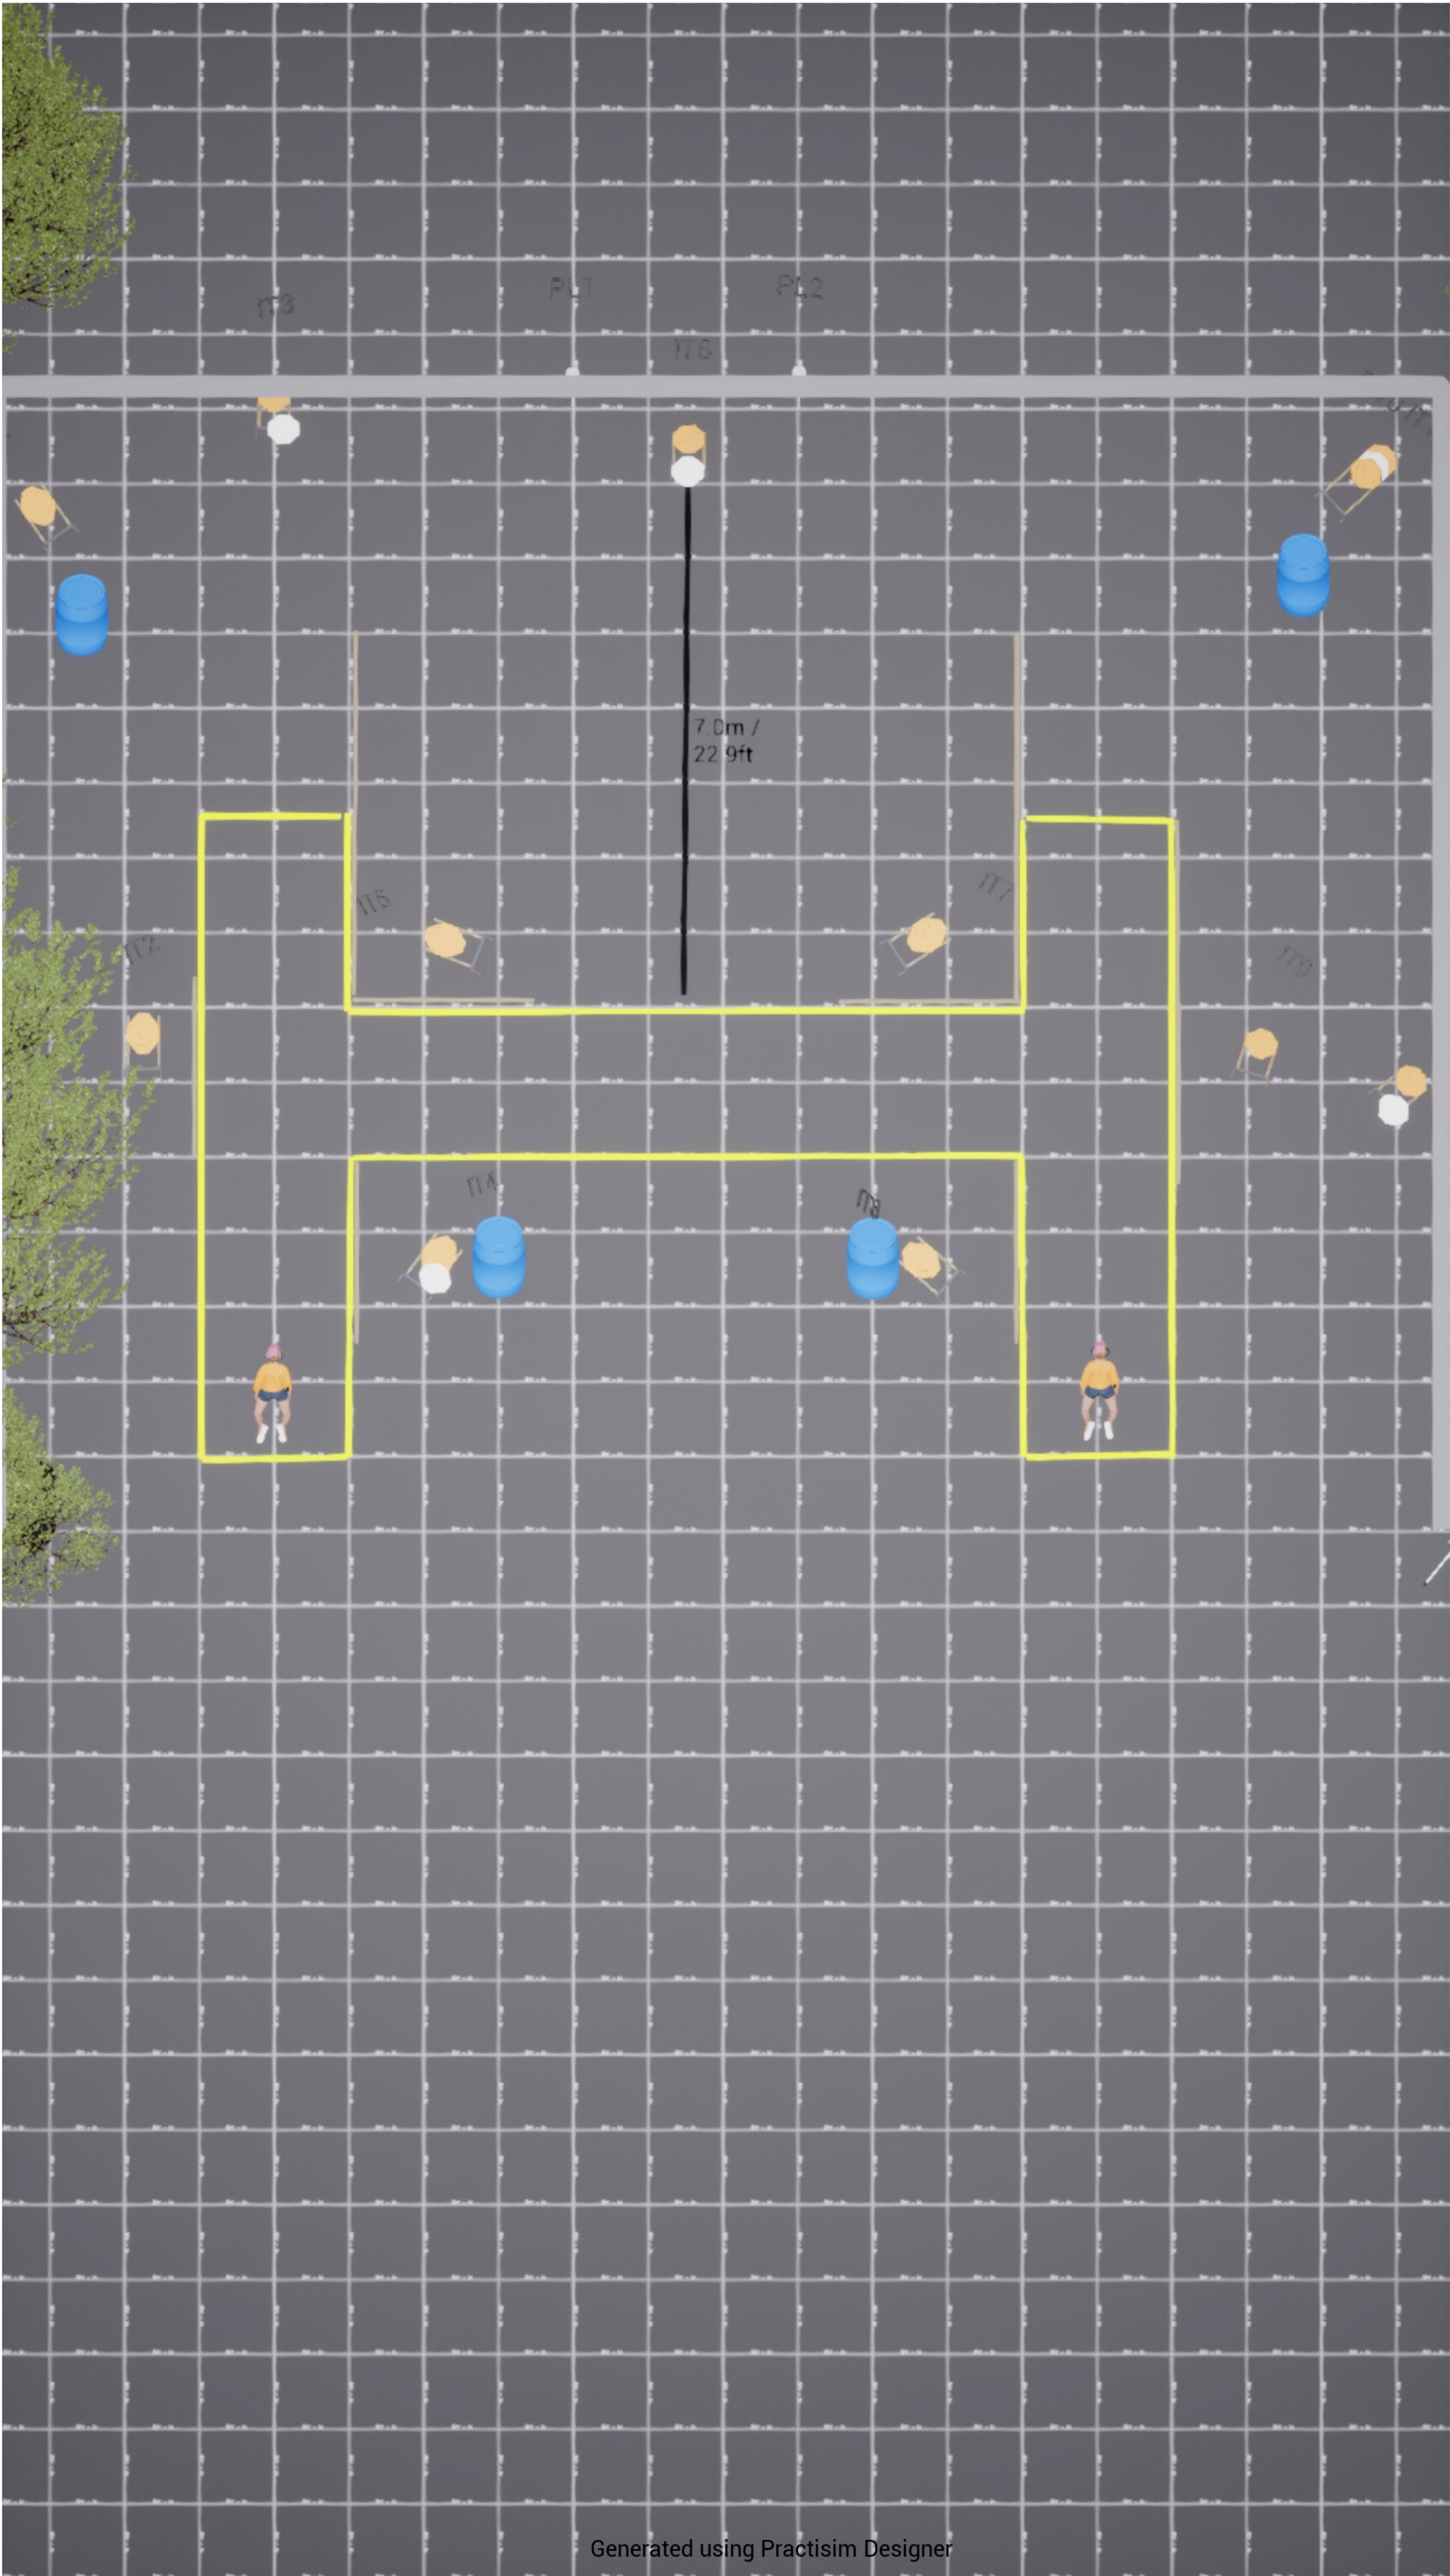

The bay must have a minimum spec of 19X15 meters. PL1, PL2, and IT6 are placed 7 meters from the front center fault line and +/- 1 meter from the berm.
